

extra pure neem oil TIGER NEEM

100% Natural bio-stimulant

TIGER NEEM

Tiger Neem is a first-class natural Bio-stimulant. An ecological alternative so necessary in today's world, which successfully avoids the current excessive use of pesticides, insecticides and other harmful products.

A plant elixir of a thousand powers!

Neem (*Azadirachia Indica*) is a tropical tree known and venerated since the beginning of time in India for its anti-parasitic properties (insecticide and fungicide). It is nicknamed the «village pharmacy».

Tiger Neem is 100% natural and totally biodegradable. It safely preserves our environment and the health of its users. Spray your plants with Tiger Neem and you will be completely satisfied with the results!

- Stimulates the natural defences
- Strengthens and improves plant health
- Hydrosoluble. Optimal dilution.
- Natural Nitrogen (N) and trace element content.
- Can be used in organic farming in compliance with EC regulation no. 834/2007.

Application:

For the best treatment, one application every week or fortnight is sufficient.

Foliar spray: Dilute 10 to 20ml of Tiger Neem in one litre of water.

- *Stimulates the natural defences*
- *Strengthens and improves plant health*
- *Hydrosoluble. Optimal dilution.*
- *Natural Nitrogen (N) and trace element content*
